

## WFR-20

### WiFi Internet Table-Top Radio / Network Music Player

Color

Black

Now you can bring the excitement of listening to over 16,000+ radio stations to your home, or any room in your home with the Sangean WFR-20 Internet Radio. Even with the availability of 16,000 + stations worldwide, the Sangean WFR-20s intuitive menus allow you to search quickly and conveniently for specific stations and upload these stations to your radio "My Stations" folder for quick and easy access anytime. Even if you don't have a computer, but you have internet access through a broad band connection, you can still access the same internet radio stations using the WFR-20 and a wired or wireless router. In addition, the WFR-20 has 12 radio station presets and has four alarm timers, plus a sleep timer. You can control the Bass and Treble for deep bass for more powerful overall sound. It also features an easy-to-read three line alphanumeric display as well as a stereo headphone jack and a line output jack for attaching to your recorder or an external amplifier & the auxiliary input jack for adding your iPod, MP3 player, etc. A full function IR remote control is also provided. Supported formats include: MP3, WMA, AAC, AIFF, FLAC, Real Audio and AU. The WFR-20 has a wooden cabinet and sports two high quality 5 inch, full-range stereo speakers. With the Network Music Player function a listener has access to their digital music library in any room in the house with no additional wires. There is a built in 12/24 hour clock. The rear panel features: the WiFi antenna, auxiliary input jack (mini, stereo), earphone output jack (mini, stereo), line output jack (mini, stereo) and RJ45 Ethernet jack.
