

WR-12BT

FM / AM / Aux-in / Bluetooth
Wooden Cabinet Receiver

Color

Dark Walnut

Elegant simplicity combined with state-of-the-art performance sets the Sangean Model WR-12 AM/FM Analog Table Top Radio head and shoulders above its closest competition. In true Sangean tradition AM/FM reception is excellent providing clear and static free listening. Only three dial knobs adjusts the volume, selects AM/FM bands, AUX & Bluetooth Wireless and precisely tunes your station selection displayed in a softly lighted analog display. An LED tuning eye assures you're tuning the best reception for your selected station.

The WR-12 delivers powerful audio with 2.1 channel system uses dual stereo speakers and a subwoofer specially designed for more bass and loudness compensation that gives better bass response characteristics, and helps the WR-12 delivers sound beyond its size. Bass and treble controls let you further adjust the sound to your liking. In addition, a stereo headphone jack, display dimmer and provision for an external AM and FM antenna is also provided. Aux-in jack for playing your favorite iPod/iPhone or MP3 tunes for your personal enjoyment.

Now, there's even more to like.... With Bluetooth wireless technology, simply switch to the Bluetooth source dial knob and after initial pairing, start listening to your favorite music wirelessly. It's that simple! Whether you own a Smartphone, iPod/iPhone, tablet or PC, you can enjoy your music without the constraint of extra cables.
