

WR-12

AM / FM / AUX-In / Analog
Wooden Cabinet Receiver

Color

Walnut

Elegant simplicity combined with state-of-the-art performance sets the Sangean Model WR-12 AM/FM Analog Table Top Radio head and shoulders above its closest competition. In true Sangean tradition AM/FM reception is excellent providing clear and static free listening. Only three dials knobs adjusts the volume, selects AM/FM bands and precisely tunes your station selection displayed in a softly lighted analog display. An LED tuning eye assures you're tuning the best reception for your selected station.

The WR-12 delivers powerful audio with 2.1 channel system uses dual stereo speakers and a subwoofer specially designed for more bass and loudness compensation that gives better bass response characteristics, and helps the WR-12 deliver sound beyond its size. Bass and treble controls let you further adjust the sound to your liking.

In addition, a stereo headphone jack, display dimmer and provision for an external AM and FM antenna is also provided.

Aux-in jack for playing your favorite iPod/iPhone or MP3 tunes for your personal enjoyment.

Available in attractive light walnut colored, wood veneered cabinet with complementary metal speaker grill.
