

DISCOVER 405 ATS-405

FM-Stereo / MW / SW
World Receiver

The Discover 405 world band receiver has a modern design and an easy to use control panel. This radio provides performance and features normally found in more expensive receivers.

With five tuning methods--10 Key Pad Direct Frequency Access, Auto Scan, Manual Tuning, Memory Recall and Push Button Tuning--you'll have access to any channel. And with the Squelch function, you can adjust the receiving threshold to eliminate weak transmissions.

With a built-in battery charger and stylish carrying pouch, the ATS-405 will be ready when you are to travel the globe and keep you in touch along the way.

- Professional digital multi-band world receiver
